

Name: Narges vahedi notash

Email: nv.notash@gmail.com

Education

BSc.

University: Alzahra University

Major: Chemistry

Msc.

University: Alzahra University

Major: Nano Chemistry

Thesis: Preparation, characterization and modification of Nano porous carbon support based on triazine and their application in the Reduction of nitroaryls to aromatic amines in the presence NaBH₄

PhD

University: Sharif University of Technology, Institute for Nanoscience and Nanotechnology (INST)

Major: Nano Science and Technology

Research Experience:

Nano Catalyst

Publications:

Vahedi-Notash, Narges, et al. "Ag nanoparticles immobilized on new mesoporous triazine-based carbon (MTC) as green and recoverable catalyst for reduction of nitroaromatic in aqueous media." *Scientific reports* 10.1 (2020): 1-9.
